VISA DENIAL PETITION

The reversal of the U.S. State Department's visa denial policy imposed upon proponents of the Irish formulated Eire Nua Federal Peace Proposals.

Action petitioned for:

I respectfully request your assistance in reversing the U.S. State Department's visa denial policy imposed upon proponents of the Eire Nua (New Ireland) Federal Peace Proposals for Ireland. This discriminatory policy denies me the right to freedom of information to be able to evaluate and compare competing schools of thought regarding a solution to the ongoing British presence in Ireland. I request your assistance on the reversal of this unjust policy, and the convening of U.S. congressional hearings to evaluate and compare Eire Nua against the tried and unworkable British arranged solutions for Ireland.
